Savant Announces Results of Second through to Fifth Hole on the Parbec Gold Property

Vancouver, July 22, 2010 -- Savant Explorations Ltd. (SVT.TSX-V) ("Savant") announces the results of the second (Par-10-02) through to the fifth drill-hole completed on the Parbec Property. Results of the holes are presented in the table below.

The second drill-hole, drilled within the historically defined Camp Zone and positioned 165 metres NW and along strike from previously reported drill-hole Par-10-01, encountered broad anomalous levels of gold in the Camp Zone Veins. The highest gold values occur in the Central Veins, a parallel vein system situated SW of the Camp Zone Veins (see table below).

The third hole (Par-10-03), located to test the Camp Zone Veins at a vertical depth of 250 metres below drill hole Par-10-01 encountered only anomalous gold values in the Central and Camp Zones.

The fourth hole (Par-10-04), positioned 515 metres west of and along strike from Par-10-01, intersected the Camp Zone at a vertical depth of 220 metres from surface returning 0.77 gpt over 4.5 metres including 1.5 gpt gold over 1.68 metres.

The fifth hole (Par-10-05), positioned 425 metres east from Par-10-01, encountered two broad zones of mineralization in the Central Veins including 1.03 gpt over 9.95 metres (including 2.66 gpt gold over 1.6 metres) and 1.89 gpt over 6.9 metres (including 2.27 gpt gold over 4.0 metres) as well as anomalous gold in the Camp Zone of 0.53 gpt gold over 1.6 metres at a depth of 425 metres and a deeper intercept of 2.23 gpt gold over 1.45 metres at a depth of 490 metres.

A plan map showing the location of the drill hole and other planned holes is available on the Company's web site (www.savantexplorations.com). Details of the results are listed in the following table.

Drilling Update

Hole Number	Zone	From (metres)	To (metres)	Core Length	gpt Gold	Vertical Depth (metres)
2	Central Veins	60.2	62.5	2.3	2.3	50
2	Central Veins	109.0	111.9	2.9	2.13	85
2	including	109.0	110.45	1.45	3.68	85
2	Camp Zone	184.35	212.5	28.15	0.30	160
3	Central Veins	416.55	412.1	4.55	0.28	325
3	Camp Zone	493.3	496.0	2.7	0.45	375
4	Camp Zone	281.5	286.0	4.5	0.77	220
4	including	281.5	283.0	1.5	1.68	220
5	Central Veins	291.15	301.10	9.95	1.03	225

5	including	298.0	299.60	1.60	2.66	225
5	Central Veins	342.1	349.0	6.9	1.89	275
5	including	343.6	347.6	4.0	2.27	275
5	Camp Zone	512.2	513.8	1.6	0.53	425
5	Deep Intercept	644.55	646.0	1.45	2.23	510

* True widths are approximately 60% of drill interval.

Savant's eight (8) hole drill program totalling 4,005 metres was completed on July 9, 2010. Analytical results from the initial five holes have now been received and reported upon. Assay results from drill holes Par-10-06, Par-10-07 and Par-10-08 are pending.

Aggregate of Significant Results from the 2010 Parbec Drill Program

Hole Number	Zone	From (metres)	To (metres)	Length (metres)	Au gpt	Vertical Depth (metres)
1	Camp Zone	175.6	178.5	2.9	19.25	150
1	North Veins	382.0	384.5	2.5	2.10	325
2	Central Veins	60.2	62.5	2.3	2.3	50
2	Central Veins	109.0	110.45	1.45	3.68	85
4	Camp Zone	281.5	283.0	1.5	1.68	220
5	Central Veins	291.15	301.10	9.95	1.03	225
5	Central Veins	342.1	349.0	6.91	1.89	275
5	Deep Intercept	644.55	646.0	1.45	2.23	510

* True widths are approximately 60% of drill interval.

The Parbec Gold Property, is located along the prolific Cadillac Break, 20 km east of the Cadillac Gold Camp (historic production of >8.7M ounces), Quebec's largest gold producing district, and 5 km west and along strike from the historic Malartic Gold Camp where Osisko Mining is currently developing its large open pittable Canadian Malartic Gold Project estimated to contain a total in-pit measured and indicated reserve of 8.97 Million ounces (Osisko February 10, 2010 press release).

Savant can acquire a 100% interest in the Parbec Property under a four year option agreement with Globex Mining Enterprises Inc., the terms of which have been previously divulged and can be viewed in detail on Savant's website (<http://www.savantexplorations.com/>).

John McClintock, P. Eng., CEO of Savant is the Qualified Person, as defined by National Instrument 43-101, responsible for the technical data in this news release.

This news release contains forward-looking statements concerning the Parbec Property. These statements are based on assumptions and judgments of management regarding future events or results that may prove to be inaccurate as a result of failure to obtain necessary regulatory approvals, the failure to reach agreement on final documentation, exploration results and other risk factors that are beyond Savant's control. There can be no assurance that such forward-looking statements will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements contained in this news release.
